INVENTORY ROOM

FRANK (40's), head of the I.T. department, business casual shirt and slacks, rolls a cart up to some boxes labeled Hewlett Packard. VINNY (30's), head of the warehouse, stocky fellow, signs invoices and hands them to Frank.

FRANK

Don't make me come down here again
Vin.

VINNY

Sorry for the delay Mr. C.

Frank turns to notice two interns working. CARMEN, young blonde, curves in all the right places, and COLIN (19), college alma mater tshirt and jeans.

FRANK

(to Vinny, re: Carmen)
These interns are looking better
and better every year.

VINNY

(to Carmen and Colin)
Can you help load up that cart for
Frank?

Carmen and Colin put the boxes on the cart.

Carmen drops a box on her foot accidentally.

CARMEN

Fuck, my fucking foot.

FRANK

Whoa honey, what's with the mouth?
You got your period?

Carmen doesn't make eye contact or respond. Frank looks at Vinny and shrugs his shoulder.

FRANK (CONT'D)

(to Colin)
Hey aren't you Sullivan's kid?

Colin nods.

FRANK (CONT'D)

You know anything about computers?

Colin nods.

FRANK (CONT'D)

(to Vinny)

Hey Vin, give this kid some of those new laptops and desktops that came in, and hand me those will ya?

Vinny hands Frank a handful of CDs. Frank starts to place them all in Colin's hand.

FRANK

Here's the new Windows 2000 image. Here's some special apps, project, visio, oh and do you like games?

Colin nods.

FRANK (CONT'D)

Here's Age of Empires. Load the images on those systems, kid. You know what an image is?

COLIN

Yeah, it's like a snapshot of another disk.

FRANK

Smart Colin. I don't know what your major is but if you want to make some extra money I'd look into information security.

Frank puts a hand on Colin's shoulder.

FRANK (CONT'D)

In the information age they say you could become a user or a sysadmin, what I'm saying to ya is this, when you're facing a loaded OS, what's the difference?
